

HOUSE ON WHEELS—This building, which is said to be the original Country Club house, is being transported across the race track at the State Fair grounds to assume a new position. It had previously acted as a first aid station and building for the department of Superintendent of Speed. Last Monday it was moved, in the above-

fashion, to the east side of the race track, where it will make offices for Superintendent of Speed. It was placed nearer the horse stables so as to provide a more convenient and easily accessible location. The first aid station will take its new position in the Women's Building. Defense Suggests Bias

Controversy Explodes in Court Over Pictures Taken in Clinton

KNOXVILLE, Tenn. (AP)—A bitter controversy exploded in U.S. District Court today over pictures taken by Time and Life magazine photographers of the Clinton desegregation disturbances last fall. Defense attorneys, questioning a photographer, said: "They (the magazines) slanted their pictures to lower and degrade these people."

Grover S. McLeod of Birmingham, Ala., the defense lawyer, gestured toward the 15 Tennesseans and John Kasper. They are on trial for alleged criminal contempt of court. The witness was A. Y. Owen, 41, a free-lance photographer from Oklahoma City. He said he is employed by Time and Life. When McLeod made the state-

ment about the pictures, U.S. Dist. Atty. John C. Crawford Jr. jumped to his feet, shouting objections. Federal Judge Robert L. Taylor sustained him.

"I can appreciate the overnment's apprehension about Time and Life magazines," interjected Robert L. Dobbs of Memphis, spokesman for the defense battery.

Crawford was instantly on his feet again. His face was flushed and he shouted, "That is a most improper statement and it should not be said in the presence of this jury." The judge agreed and said, Dobbs asked Owen if he had any more.

When the noise died down, Dobbs asked Owen if he had any special instructions from the magazines when he came to Clinton. "I had no instructions to slant the story one way or another," Owen said.

"And didn't you have any bias when you came to Clinton?" Dobbs asked. "I had no prejudice whatever," Owen replied. "I tried to shoot both sides as fairly as possible."

"And did you do that?" Dobbs asked. "As far as we were able," Owen said. He had previously said other reporters and photographers from Time and Life were in Clinton. "Why didn't you go into these people's homes and show them as they really are?" Dobbs asked.

"We tried that with some and got negative answers," Owen replied. "Was that after you had smeared them in the magazines?" Dobbs asked.

Crawford jumped to his feet again, shouting objections. The judge sustained him and said: "Mr. Dobbs, do not do that."

The defense contended that the photographs showed the defendants in an unfair light during the disturbances last Nov. 29 and 30. The outburst came as Crawford moved into the heart of the case—the government's effort to prove the "Clinton 15."

A few minutes earlier, in an effort to speed up the trial, both government and defense attorneys had agreed not to call scores of news media representatives to testify.

Claims Charges Faked

Attorney of Former Chief Engineer At State Prison Says 'Purge' Made

JEFFERSON CITY (AP)—Robert Yocum told the State Advisory Board today that L. W. Fitzpatrick was fired as chief engineer at the state penitentiary on "trumped up charges".

Yocum, Fitzpatrick's attorney and former member of the Missouri House, charged that Col. James E. Carter, state corrections director, conducted a "pure Fitzpatrick campaign."

Yocum said he would call 28 witnesses to prove that Fitzpatrick was fired May 22 as result of personal prejudice.

As the hearing opened, Carter's attorney, Phillip Grimes, Columbia, called Willard G. Reed, as his first witness. Reed is construction consultant at the prison and in charge of the maintenance department. Since June 1956, he had been Fitzpatrick's supervisor.

For almost two hours, Reed enumerated a long string of alleged shortcomings. He said Fitzpatrick failed to make inspections and weekly reports and refused to comply with orders to clean up the master mechanics building.

He said maintenance was neglected and "the only things done were in emergencies when something broke down."

Reed said he told Carter "the equipment was just going to pot." He said the tool control system was ignored and housekeeping in the shop was poor.

Under cross examination Yocum brought out that from February to April this year Fitzpatrick was off sick and Reed was in charge of the maintenance work. Reed said he got the shops cleaned up temporarily during that period, but when Fitzpatrick returned to duty "It got right back in the same old rut."

When he was fired Fitzpatrick, 74, had been in the job eight years. Fitzpatrick said there were no grounds for the action and appealed to the personnel advisory board which administers the state merit system. On the merit system rolls he is listed as plant maintenance engineer III at a salary of \$5,376 a year. He formerly lived at Rolla.

American Comes Back From Red China Trip

HONG KONG (AP)—American Donald J. Blackwood came back today from 2½ months in Red China. He told reporters his decision to visit the Communist mainland was "an irresponsible gesture on my part and I am sorry I made it."

"I didn't like being watched all the time without seeing anything," he told reporters.

Blackwood, 25, a former GI, took his South Korean wife and child with him. He said they spent most of their time in a sixth-floor hotel room in Canton.

"They allowed my wife out occasionally to buy necessary clothing and things for the baby but I was kept inside all the time," he added.

He said he had no idea any fuss was being raised about his disappearance from the nearby Por-

ATOMIC TEST SITE, Nev. (AP)—Firing of the Diablo—the atomic device that failed to explode June 28 because of a power failure—has been put off at least until tomorrow morning.

It was scheduled to be exploded from a balloon 500 feet above the desert today, but the Atomic Energy Commission said a postponement was made necessary for technical reasons.

Ike Signs Housing Measure

Authorizes Lower Down Payments Provides Funds

WASHINGTON (AP)—President Eisenhower today signed a housing bill authorizing lower down payments on FHA-insured homes and making an additional \$1,990,000 available for various housing programs.

In approving the measure, however, Eisenhower said that "unfortunately" it contains a number of very serious defects. He called for repeal of some provisions at the next session of Congress.

He noted that the sum made available for housing programs is "more than double the amounts requested for these programs." "Accordingly, I have given instructions to limit the use of the new authority provided by this act during the fiscal year 1958 (which started July 1) to amounts consistent with the over-all budget program," he said.

Eisenhower's January budget proposal called for only \$1,025,000,000.

The bills provision for lower down payments on housing carrying FHA-guaranteed mortgages is only permissive, and there was no indication in the presidential statement that Eisenhower was taking any action to put them into effect. The National Assn. of Home Builders had asked the President to give FHA orders on that point.

The lower down payments made possible by the bill are a minimum of 3 per cent on the first \$10,000 of appraised value, 15 per cent on the \$10,000-to-\$16,000 segment, and 30 per cent above that. The present law requires at least 5 per cent on the first \$5,000, and 25 per cent above that. Thus the down payment on a \$15,000 home could be cut from \$1,950 to \$1,050.

Sedalia Man Is Shot Fatally During Night

SHOOTING VICTIM—The body of Roscoe V. President, Sr., 215 East Hogan, lies sprawled on the steps of the home of S/Sgt. L. D. McQueen, 403 East Pettis, where President was fatally shot Thursday evening. A first degree murder charge has been filed against McQueen. (Democrat-Capital photo)

Airman Held On Charge Of Murder

Victim's Wife Hears Shots On Telephone; Autopsy Performed

Roscoe V. President, Sr., of 215 East Hogan, was shot and killed about 8:45 p. m. Thursday at the home of S/Sgt. L. D. McQueen, 39, of 403 East Pettis. McQueen is assigned to the 340th Air Police Squadron at White-man Air Force Base.

First degree murder charges were filed against McQueen by Prosecuting Attorney Harold Barrick. A date for the preliminary hearing has not been set. McQueen is being held in jail pending arraignment on the charge.

Police arriving at the scene were met by McQueen, who according to Officers Clyde Nicewarner and Louis Pindexter, admitted shooting President. The officers reported McQueen had said that he and President had been arguing and drinking with each other in the home, and that President threatened to kill him. McQueen said that he shot President not recalling how many times.

When the police arrived on the scene, they found President lying on the steps, his feet in the doorway and his head on the concrete sidewalk, face down. The officers who answered the call were Leonard Ditzfield, Albert Blankenship, William Miller and Tom Moffitt.

Officers said he died almost instantly from the wounds, one bullet apparently passing through the heart. However, a post mortem was conducted by Dr. C. G. Stauffacher, coroner, at the Alexander Funeral Home, and a report is to be made on his findings Friday.

Dr. Stauffacher and Harold Barrick, prosecuting attorney, said an inquest would be held at 9 a. m. Monday in the Assembly Room of the courthouse.

Mrs. Roscoe President, wife of the dead man, told police that she was at the home of her mother, Mrs. Lillian Brown, 526 North 38th, where she and her husband had been staying recently because of her mother's illness. She told police that her husband had called her a short time before and told her he was at McQueen's and that they were going to have a few drinks together.

Later, she reported, "McQueen called me on the phone." "McQueen said, 'your husband is down here with me and everything is all right.' Then I heard him say, 'turn around,' and then I heard Roscoe say, 'what's the matter?', and then I heard four or five shots.

"I turned to my mother and said something is wrong and gave her the telephone. I then got 35 cents from her, got a cab and drove down there. I found Roscoe lying there."

Mrs. Virginia McQueen, wife of Sgt. McQueen, and a former wife of Roscoe President Jr., reported He is a former convict and is wanted for parole violation.

Southern Senators Agree To Vote on Civil Rights

WASHINGTON (AP)—Southern Democratic senators tentatively agreed today to permit a vote the middle of the next week on a motion to take up formally the controversial civil rights bill.

Their spokesman, Sen. Russell (D-Ga.), said he was authorized to work out details with Republican Leader Knowland (California) sponsor of the motion, and Democratic Leader Lyndon B. Johnson (Tex.).

Earlier Johnson told newsmen he hoped agreement could be reached by all sides for a vote either late Tuesday or early Wednesday.

Johnson said he thinks 20 additional senators want to speak before the question of taking up the civil rights bill can be brought to a vote in the Senate. He said he hopes such a vote can be reached Tuesday or Wednesday.

Johnson evidently expects the Senate to vote by about 2-1 in favor of the motion by Knowland to call up the bill.

"We're not trying to delay or procrastinate in this situation," he said.

Russell told reporters "there is no possibility of a vote on Sen. Knowland's motion before Tuesday." He added, "I'd prefer to delay it until Wednesday, or even Thursday."

Knowland had said before a breakfast meeting at the White House with President Eisenhower that he favored a vote early in the week—by either Monday or Tuesday.

Knowland left the White House without seeing reporters. Later, however, he told newsmen on Capitol Hill there is no change in the administration's position on the civil rights bill.

"Their recommendations are still their recommendations," he said. "They have never taken the position, however, that there should not be any clarifying amendments."

Some congressional Democrats, including Rep. Celler (D-NY) and Sen. McNamara (D-Mich.), have contended Eisenhower is wavering in support of the bill which the House passed last month. Asked if this is true, Knowland replied: "No."

Knowland said it was possible he might offer some amendments to the bill himself, after it is officially brought before the Senate. He declined to discuss the nature of any such amendment until that takes place.

This was a reaffirmation of a position he had taken before talking with Eisenhower again.

"There are going to be no amendments agreed to," nor any negotiations or agreements looking toward amendments "until after the bill becomes the pending business in the Senate," Knowland said.

Nearly all Southern Democrats attended the 45-minute meeting in Russell's office.

Heat Wavers Around The 100 Mark Today

KANSAS CITY (AP)—The mercury will be flirting with the 100-mark today and tomorrow in Missouri. The weatherman figures it will be close to the century mark today in the western part of the state and from 95 to 102 Saturday over most of the state except the extreme northwest.

The state's highs yesterday were both 96s at St. Joseph and Joplin. A few widely scattered thunderstorms in the northwest and extreme north are expected tonight. Scattered thunderstorms also are expected in the north Saturday.

No rainfall was reported in the state during the 24-hour period ending at 6:30 a. m.

Sirens Start Civil Defense Alert Exercise

NEWSPOINT, Operation Alert (AP)—Air raid sirens screamed a warning of approaching imaginary "enemy" bombers at noon EDT today to set in motion a nationwide civil defense and mobilization exercise, Operation Alert 1957.

The alert was flashed to 200 possible target points by the Federal Civil Defense Administration (FCDA), already operating under a make-believe "unlimited state of national emergency and threat of invasion."

Within a few hours, simulated nuclear attacks will have "blasted" more than half these industrial centers and defense installations out of existence with tens of millions of hypothetical casualties.

President Eisenhower and key aides were ready to leave Washington in a fleet of helicopters for a secret emergency White House.

Already, in his imaginary proclamation, the President has declared an emergency, alerted military and civilian defenses, and created a top-level home-front war agency called the Office of Emergency Resources to supervise price, wage, rationing, priority and manpower controls.

Key officials supervised the test operations from other secret headquarters and already this news operations center, dubbed "News-point" and located in a city to the south of Washington, was in operation.

Next week, after three days of emergency civil defense tests, more than 5,000 government officials and key subordinates will seek to re-establish normal government operations from 80 safe relocation centers in half a dozen states.

Double Benefit

Besides giving the farmers a chance to harvest, the warm weather will also allow the girls to work on their suntans.

Generally fair and hot tonight and Saturday; low tonight in mid-70s; high Saturday in upper 90s.

The temperature at 7 a. m. was 76, 92 at 1 p. m., and 93 at 2 p. m. Low Thursday night 74.

The temperature one year ago today, high 89, low 65, with .55 of an inch of rain; two years ago, high 90, low 70; three years ago, high 113, low 77.

Hunt Shifts After Similar Gas Incident

Deputy Is Killed By Man Leaving Without Paying

HILLSBORO, Mo. (AP)—One of the state's biggest manhunts shifted 50 miles south of here today following an incident similar to one preceding the slaying of a 69-year-old chief deputy sheriff last night.

Sheriff Clay Mullins of St. Francois County reported a man, answering the description of the slayer, drove off from a Libertyville filling station without paying for 10 gallons of gasoline.

John H. Marsden, chief deputy sheriff of Jefferson County, was killed after stopping a man who fled a filling station here without paying for \$3.50 worth of gasoline.

The deputy's wife, Kathleen, was sitting in the car when Marsden was shot in the chest.

More than 100 police officers, reinforced by bloodhounds and an airplane, combed the area today.

State Highway Patrol Captain C. R. Oliver said they were looking for Audrey G. Gilliam of Huzzah, Mo., in Crawford County, about 100 miles southwest of St. Louis.

He is a former convict and is wanted for parole violation.

Her Search Is Ended

REUNITED WITH SON—Mrs. Rebecca Newton of New York clutches the face of her son, Victor, who had been missing for four years, as she was reunited with him at the Norristown, Pa., State Hospital, where he is a patient. She said she plans to remain near her son until he is permitted to leave the mental hospital. Mrs. Newton and her husband's four-year search for their 37-year-old son ended when two nurses at Norristown learned of the hunt and notified the parents of Victor's whereabouts. (NEA Telephoto)

Marriage Is Announced

Miss Jean Davis, daughter of Mr. and Mrs. Kenneth Davis, St. Louis, and James R. Wagenknecht, son of Mrs. L. E. Wagenknecht, Sedalia, were married at 5 o'clock Saturday evening, June 8, at the Overland Presbyterian Church in St. Louis County by Dr. S. H. Salmon.

Given in marriage by her father, the bride wore a street length pink chiffon dress. She carried a cascade bouquet of pink pom-poms centered with an orchid.

Her only attendant, Miss Norma Haynes, St. Louis, also wore a pink chiffon dress and carried a bouquet of pink carnations and pom-poms.

R. Edward Blais, Warrensburg, served as best man.

For her daughter's wedding Mrs. Davis chose a navy blue taffeta dress with patent accessories and a pink carnation corsage. Mrs. Wagenknecht was attired in a blue linen dress with white accessories and pink carnation corsage.

A dinner was held at the Stymie Supper Club in University City following the ceremony.

On Monday night, June 10, open house honoring the newlyweds was held at the home of the groom's aunt and uncle, Mr. and Mrs. F. R. Wagenknecht, LaMonte.

The house was decorated with cut flowers. The four-tiered wedding cake topped with a miniature bride and groom was encircled with fern and sweet peas. On either side were lighted pink tapers.

The groom's aunts, Mrs. Paul Culp and Mrs. Leo Hoehns, served the cake and Miss Eva Pace presided over the punch bowl. Mrs. George Griffin III was in charge of the guest book. Mrs. Jim Boss and Mrs. Bud Lawson, cousins of the groom, were in charge of the gifts.

Approximately 85 persons attended.

The bride and groom are 1936 graduates of CMS. Mrs. Wagenknecht taught school the past year in Brentwood District, St. Louis. Immediately upon graduation Mr. Wagenknecht entered service.

They are residing in Olympia, Wash., while the groom is stationed at Ft. Lewis.

Family Honors Mrs. L. Wadleigh

Mrs. L. H. Wadleigh was honored at a family gathering recently in celebration of her birthday anniversary at her home near Green Ridge.

Those present were: L. H. Wadleigh, Mr. and Mrs. Lee Templeton and daughters of Hickman Mills, Mr. and Mrs. J. W. Bullard and sons of Warrensburg, Mr. and Mrs. Loy Smith and Errol and Mr. and Mrs. Harvey Wadleigh and son of the Green Ridge community.

Other guests that evening were: Mrs. James McCampbell and Mrs. Ethel Gehle of Windsor and Mr. and Mrs. Alvin Howe, Green Ridge.

Mrs. Stone Observes Her 77th Birthday

Mrs. Thomas Stone of Windsor was honored at a dinner in celebration of her 77th birthday Sunday, July 7, at her home in Windsor.

Her daughters, Mrs. J. M. Palmer of Green Ridge, Mrs. Raymond Edmondson of Windsor and granddaughter, Mrs. Donald J. Edmondson of Kansas City, prepared the dinner, including a birthday cake and brought it to the Stone home where it was served with the family group seated at the dinner table. Others present were Thomas Stone, J. M. Palmer, Raymond Edmondson, Donald Edmondson and son, Daryl.

Mrs. Stone received several nice gifts.

Long Way From A Toddler

Since Governor James T. Blair signed the new Missouri speed law passed recently by the Legislature there have been numerous left hand jabs at it.

Criticism ranges from intricate and confusing to difficult of enforcement.

On divided federally marked highways (the ones with the shield shaped signs) the day and night speed maximum is 70 miles an hour. On other federal highways and on state routes, (the latter with the state map shaped signs) the daytime top is 70 miles an hour but at night the maximum is 65. On other routes the daytime top is 65 and the night time limit is 60. Through unincorporated villages where no lesser limit is posted the top speed is 45.

It is just as well to reemphasize the above different speed limits. Drivers certainly will have to be alert to remember them when they switch from one road to another. It will be a long time if ever until thousands of new speed signs are erected. That will cost more money and the legislature didn't get around to providing appropriation money to pay bills already piled up against

the state. Furthermore where is the money coming from to pay the authorized increase of 100 new patrol members to implement the new speed law?

Advocates of safety on the highway are hoping the new speed law situation will not be as confusing as pictured.

Really the best way for motorists to be sure they are not breaking a speed law is to travel at all times no faster than 60 out in the open, 45 through small towns, and the posted speeds within city limits. That's idealism for you!

In the meantime Missourians must confess to progress in tackling the highway speed problem. Years have gone by without this matter getting the proper legislative attention. Then there was a time this spring when the bills before that august body were shuffled around until it looked like there would be no speed laws at all.

So there is some solace in knowing Missouri has moved forward in a confusing way to catch up with other states.

Like a baby Missouri has to creep before it can crawl which is still a long way from becoming a toddler.

The Washington Merry-Go-Round

Predicted Restlessness Inside Russia

By DREW PEARSON

WASHINGTON — Some weeks before he left Moscow, Ambassador Chip Bohlen reported deep-rooted churning inside Russia. He connected this with industry and domestic economy, predicted that because of this inner turmoil there was no danger of war with Russia for many years to come.

In another report, Bohlen expressed the conviction that the Russian people had become so sold on peace that it would take intensive propaganda for their leaders in the Kremlin to convert them to war. He also expressed the view that the leaders in the Kremlin were convinced modern war would be so suicidal to both sides that no one would win; therefore Russia's future lay in a peaceful though vigorous struggle to control men's minds.

These reports had already been used by Harold Stassen as a guidepost for his arms talks, were one reason Stassen has believed the Russians are ready for a genuine arms agreement.

The reports are now being reviewed further in the light of the Kremlin crisis. Net conclusions: that deep trouble is stirring inside Russia; that the Russian people as well as the satellites must be given the alternative of more freedom or else strict Stalinist suppression; that the more-freedom school has won out.

Helping His Secretary
Congressman John J. Rhodes (R., Ariz.) has run afoul of an unwritten rule of the House of Representatives whereby Congressmen refrain from criticizing the pork barrel projects of fellow members, especially when they are from different states.

Rhodes took the unusual step of writing a circular letter to members of the House Interior Committee, asking them to vote against a \$32,220,000 irrigation project in the district of Rep. O. C. Fisher (D., Tex.).

The Arizona lawmaker called Fisher's bill a "thinly disguised municipal water project" for the city of San Angelo, and claimed it was not a proper assignment for the Bureau of Reclamation.

Naturally this did not please Congressman Fisher. When word of Rhodes' letter reached him, he did some quiet checking, then sent out a letter of his own.

"An examination reveals," wrote the Congressman from Texas, "that Mr. Rhodes' allegations are largely a rehash of testimony given by the sole witness who has ever expressed any opposition to our project — a Mr. Calvin McGowan, whose brother is Mr. Rhodes' secretary."

"The McGowan opposition was based upon the fact that some of the land which will be taken for the lakesite is owned by the McGowan family."

People-to-People Friendship
U.S. Diplomats have been stung so often, either by McCarthy investigations or by the changeable Kremlin, that they are extremely hesitant about expressing public optimism about our future relations with Russia.

However, if, as seems almost certain, the current Kremlin ferment stems from a stirring of the Russian people, then this presents a heaven sent opportunity to the United States.

The opportunity is to win closer friendship with the Russian people.

As this writer has frequently emphasized, and

as President Eisenhower pointed out at the Geneva Summit conference, the best guarantee against war is friendship among people.

For years the United States has not worried about war with England, France, or Canada for the simple reason that our peoples have too much common sense, plus friendship, to make war. They understand each other. But the hurdle of different political systems, different language, plus the iron curtain, has made friendship with the Russian people difficult.

Likewise the Soviet system of dictatorship was built for speedy decisions for war or peace without consulting the people. With no free press, no free churches, no free radio, there were no brakes on the Kremlin's ability to declare war anytime it wished.

Today, however, there is a stirring inside Russia — and a golden opportunity for an intensive campaign for people-to-people friendship.

American Iron Curtain

When Nikita Khrushchev proposed on CBS that we lower the American iron curtain, the only man who took him up vigorously was Sen. Lyndon Johnson of Texas, who got slightly slapped for his pains by John Foster Dulles.

Since then six steel experts and six health experts from the U.S.A. and the U.S.S.R. will visit each other's country. That, however, is not people-to-people friendship. A total of twenty-four people visiting two countries of 168,000,000 and 200,000,000 respectively is not going to win many friends. It's going to be like dropping a pebble into the ocean. It won't cause a ripple.

The United States, in my opinion, has a political-economic-cultural system that we should show off to the world. Yet the State Department seems afraid to let people come over here to see it.

Perhaps Senator Johnson should conduct an investigation of the reasons why the State Department is sabotaging the officially announced policy of the United States.

The Over 65 Clubs

The University of California Hastings College of Law has built an excellent law faculty with professors who have been retired from other universities. The present dean, David E. Snodgrass, a pupil of the former dean Roscoe Pound of Harvard, believes that some of the best legal brains in the country are shelved by their own universities at the retirement age of 65. Hastings College of Law has no retirement age. As a result it has become a symbol of hope for many brilliant professors who eagerly apply for positions on its faculty.

Dean Snodgrass scours the country for the best men he can find that are over 65 years of age. Consequently some of the authors of the textbooks they are using are now the instructors in their own law case books.

The Hastings 65 Club grew out of two emergencies. One was the death of the then dean of the school and the difficulty of replacing him. The other was the big boom in young men wanting to study law at the end of the second World War.

This college has found a way to utilize the brilliant oldsters who do not wish to stay retired, and to provide students with some of the best legal pedagogues in the country.

Bread Upon Waters

The ancient maxim holds that bread cast upon the waters returns ten-fold. Well, not quite ten-fold in the case of the United States and its global loans; but it is welcome news that the government is collecting interest money on almost all the funds loaned to foreign nations since World War II.

This is significant because the foreign aid program now before Congress would put the bulk of economic assistance on a loan basis.

The thirteen borrowing nations during the war all are paying their debts with interest except Turkey which has 'trouble getting dollars and as a result is in arrears. Most of the nations are members of NATO and according to their prosperity are paying their debts. Indonesia, Iceland, Afghanistan, Ireland, India, Spain and Portugal all secured long term loans either in food or cash and all are paying interest on their loans.

The big question is: how much more can they borrow and still keep their credit good?

The World Today

Here Is the 'Why' of Girard Decision

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — The Supreme Court ruled only that the government had the right — and not on whether it was right — to let the Japanese try GI William S. Girard for shooting a woman to death.

The court reached its decision in four steps. Some background is necessary to understand them:

Every foreign country, being a sovereign power, has the right to try an American, civilian or serviceman, for a crime committed within its borders unless, by agreement with the United States, it willingly gives up its right to do so in certain cases.

The United States worked out the following agreement with a number of countries where it has troops stationed, including Japan:

1. If an American, civilian or serviceman, commits a crime while not on official duty, as in the case of Japan, the Japanese are free to try him.

2. But the United States has first claim — or primary right — to try him for a crime committed in performance of duty or in certain other circumstances.

3. In cases where the United States has the primary right to try — but Japan insists on bringing him to trial — this country will give "sympathetic consideration" to the Japanese claim.

In short, in such a case this country could turn a serviceman over to Japan even though the crime he committed was "in performance of duty."

The Japanese did not deny that Girard was on duty when he killed the woman while she was picking up empty shells on a maneuver area. Girard had been assigned to the area by his commanding officer to guard a machine gun.

Missouri Is Eighth

First Year Progress On Superhighway Program

By Esther Van Wagener Tuft
WASHINGTON—The big federal superhighway program winds up its first year "on schedule."

Of course, some states do better than others, but the "average is better than expected" reports the No. 1 man-in-charge, Bertram D. Tallamy, Federal Highway Administrator, Department of Commerce.

Up on the Hill, the No. 1 man-in-charge as far as highway legislation goes, Senator Albert Gore, chairman of Public Works Committee, agrees that the program is working "fairly well."

States went to work on 2,959 miles of the interstate system in the past 11 months. As of May 31st, this work was in various stages from the drawing board to actual construction. A total of \$2,272,311,831 has been spent or obligated to date for interstate work. And \$1,857,714,162 from the federal government. West Virginia is the only state not having used any of its interstate funds.

Missouri has programmed 10.9 miles of the interstate system at a total cost of \$10 million. The

federal share obligated here is \$8 million.

Some \$21 million goes for preliminary engineering and rights of way. (Federal share \$15 million.) Contracts have been awarded for 39.4 miles involving \$30 million. (Federal share \$27 million.)

Contracts have been advertised but not yet awarded on 7.5 miles, at cost of \$4 million. (Federal share \$3.6 million.)

Missouri is one of the 19 states already to go into the 1958 interstate funds with 40 per cent already earmarked. In the progress report for 1958, Missouri ranks in 8th place.

Actually little new mileage has been opened to traffic, as three-fourths of the interstate system is still to be tackled.

The construction peak, according to Mr. Tallamy, is expected in 1960 but motorists will begin noticing benefits in the next two years or so.

Meanwhile the old federal aid to primary and secondary road systems goes on as usual, with half the money coming from federal funds.

Dr. Jordan Says

Kidney Stones Often Are Discovered Accidentally

By EDWIN P. JORDAN, M.D.

Mrs. W. inquires about the treatment of kidney stones and whether they can be dissolved.

It is easiest to answer the second part of the question first. There is no medicine which can be counted on to dissolve a kidney stone safely.

Actually they are not "stones" at all, but are chemical compounds which have crystallized out of the urine because the latter does not hold them in solution and eliminate them in that fashion.

They form in some part of the kidney, usually in a sort of open space in that organ known as the kidney pelvis. Generally they grow slowly as the chemical is added to the outside of the stone.

Consequently, symptoms from kidney stones may be absent for years. They are quite often discovered accidentally in observing an X-Ray film which may have been taken for some entirely different reason.

There are several kinds of chemicals which can precipitate out of the urine and form stones. If a stone is removed or passes, it should be analyzed carefully to find out its nature so that the proper diet or treatment can be employed in an effort to avoid the formation of additional stones.

One of the common varieties of stones is made up of what are called oxalates. In this variety of stone formation, one normally cuts down or eliminates those foods which contain a lot of oxalic acid. Among those are rhubarb and eggplant. A full list of oxalate-containing foods should be obtained from the physician.

The greatest trouble with stones usually occurs when they begin to move. Most of them have sharp and ragged edges. As they move down the urinary passageways, they cut into the delicate tissues producing bleeding and pain which is likely to be terrific. It may take several injections of morphine or similar drugs before the

victim can do anything but twist and turn in agony.

There are two steps in the treatment of an attack of pain or colic from a kidney stone. The first has to do with the particular stone which is passing. Often the stone passes by itself, but sometimes its passage has to be aided.

The next step is to find out if there are more stones, to analyze chemically the one passed and to advise the patient with regard to diet and other measures.

Thinking It Over

By Robert L. Dieffenbacher, D.D.

Picture windows expand the views which we see from our homes. We sometimes forget that this broader view is possible only because the window is made of transparent glass. This transparency is so clear that we almost become a part of the scene we observe.

One's life is just as transparent to God as the picture window is to human eyes. God sees through our behavior. He knows what we do or think. He fathoms our desires, our likes, our dislikes, our strength and our weakness.

People frequently try to hide their actions and their thoughts from other people. They even try to mislead others about their character. We cannot deceive God even if we can deceive men.

After all, God's judgment of us is more important than human evaluation. "Study to show thyself approved unto God."

"Pilgrim" to "Scallop"

In the Middle Ages, pilgrims wore a scallop shell on their hats to show that they had crossed the sea to the Holy Land, hence the name "pilgrim shells" for "scallop shells."

"Poor Priests"

Wycliffe's "poor priests" were a group of disciples whose purpose it was to set out on foot to tell the people the message of the Bible, much as the Apostles of old.

Cole Camp Lutheran Church Celebrates 75th Anniversary

The St. Paul's American Lutheran Church in Cole Camp observed its 75th anniversary with special services Sunday, June 30, and Tuesday night, July 2.

On Sunday hundreds of friends, members and former members of the church attended the all-day celebration. Speakers of the day were the Rev. H. Renz of Gaylord, Kan., former pastor, who spoke at the morning service and the Rev. Fred Harms, Pasadena, Tex., a native son of the congregation, delivered the anniversary sermon in the afternoon.

A basket dinner was enjoyed in the church basement at noon and at six o'clock in the evening a fellowship supper was served to the visiting pastors and their families.

On Tuesday, the actual date of the organization of the congregation, a special service was held at 8 o'clock with the Rev. Ervin G. Fritschel, D.D., president of the district, speaking.

The history of the church was presented as a pageant. Seventy-five years ago a small number of Christians worshipped in a

school house at Mora and another small group in a school at Cole Camp. The Rev. R. C. Klinskick, stationed at Brauerville, served the two small places. On July 2, 1882, the Mora members met with their fellow Christians in the Cole Camp school and organized under the leadership of Pastor Klinskick as St. Paul Lutheran Church, the drafted constitution being signed by the following charter members: J. W. Hobercht, Louis Grother, Claus Mahnen, F. Feldman, Peter

Dr. Reifel Announces Subject for Sunday

"Sadduceism: The Church's Main Problem Today" will be the sermon subject Sunday morning of Dr. Leonard Reifel, pastor of the Federated Church, Charles Robinson will sing "This Holy Hour" by Nevin.

There will be a Presbyterian meeting at 2 p. m. July 24 at the Broadway Presbyterian Church. The Federated Church will have its ice cream social from 5:30 to 9 p. m. July 26 on the Church lawn.

Hoisten, Henry Michaelis, Gevert Kueck, William Schuman, Carsten Kroenke, H. H. Kroenke, William Moellman, Wilken Koenke, Card Gerken Sr., Gerd Buck, Louis Rothganger, William Grube, Henry Mahnen and C. H. Harms.

Their next move was the erection of a house of worship just a few yards in back of the present church. The cost of the building was \$1,619. Most of the lumber was hauled by wagon from Sedalia. The first church was dedicated on Dec. 10, 1882.

A parsonage was also built in 1902 which was modernized and enlarged in 1924. The first church served its purposes up to 1918. On April 21 of the same year the congregation dedicated the present house of worship.

Along with the celebration of the church anniversary the pastor, Rev. E. H. Kuhlmann was observing the 25th anniversary of his ordination, and Rev. Fred C. Harms was celebrating his 35th anniversary of ordination. Rev. Harms was one of the guest speakers.

Sunday School Lesson Notes:

By William E. Gilroy, D. D.

A correspondent has asked why this column, which once dealt with a single Sunday school lesson, has more recently been enlarged in range to broader Bible comment and the application of the Bible to daily life and character.

The lessons and teachings of the Bible, except where the reference is directly to Jesus and the Gospel, transcend any particular lesson. Various lesson plans have been developed that go beyond the lessons more commonly studied in Sunday schools. The plans of the lessons, for which international sanctions have been sought, are to cover the whole Bible over a period of years in a recurring cycle.

Such a plan in its purpose and theory seems excellent, but it has this major defect: for long periods the lessons have little, if any, direct reference to Jesus Christ, His teaching, and His Gospel. It seems to me that such reference is the chief end and purpose of religious instruction for young and old.

It is true that the Bible is a vast storehouse of human interest. Bible that is not or that by comment and teaching cannot be made of great interest.

livesaving guidance. I cannot think of a single page of the English text of Jesus in His greatness, and the glorious Gospel of the Grace of God. Those matter above all else.

I am a minister of the Gospel. In pulpit and in press, in four pastorate, preaching at various times in over two hundred churches, and in much editing and religious writing, my supreme purpose has been evangelical: to make the Gospel—in its saving power known and effective, and to reveal how the Christian way of life, following the teaching of Jesus is the only way of happiness and satisfaction for souls lost in sin, frustration, and floundering.

I am a liberal in religion, joyously entering into Christian fellowship with all who will have fellowship with me. It is a matter of joy to me that this weekly column has brought many friendly messages from Roman Catholics, Unitarians, Jews, members of various denominations, and not a few nonchurch-going readers.

But, as much as an evangelist, like Billy Graham, I, too, in my liberal way am an evangelist; my purpose is to bring people to Christ and to bring Christ to people.

So, when a few years ago the occasion arose to make this column a broader and more effective means to that end, I welcomed the opportunity. Bureau-cracy, of which we have heard plenty in government circles, has invaded organized religion to an extent of which the average free-minded layman has little conception.

When mistaken individuals posing as authorities in religious education, sought to control this column, my editorial sponsors warned me completely to ignore them, and write the column in my own way.

It has been wise often, though not always, to keep the column in the general range of what Sunday schools are studying, but all correspondence suggests that readers, as well as myself, have welcomed the development toward wider Bible comment, with more express emphasis upon the purpose of any true ministry, whether in church or newspaper, of helping people to be Christians, and Christians to be better Christians.

2 Accept Bids In State Fair Football Bowl

Boonville All-Stars To Play on Eastern Team Here Aug. 30

BOONVILLE, Mo. (AP)—Jim Repp and Eddie Stanfield, two Boonville high 1956-57 gridiron standouts, were the first two players to officially accept invitations to play on the Eastern Missouri All-Star football squad in the second annual State Fair Bowl game at Sedalia Aug. 30. Coach Paul Pappas has announced.

Pappas, who coached the two in their high school grid careers and will coach the Eastern All-Stars, said William Richardson, of Columbia Douglass has indicated he will accept the bid to play.

About 35 former high school grid-ders, (who must have graduated this last spring), will be contacted by Pappas in the next two weeks as he seeks to fill out a 24 player squad. He will be meeting and talking with players whose names have appeared on the all-state and all-district teams as selected by the Missouri Sportswriters Association last winter.

Pappas, who led his own Pirates to a share of the Northeast Missouri Conference title last season, will open practice for the Eastern All-Stars at Boonville on Aug. 15. They will practice there for one week and then move to Sedalia to complete their workouts under the lights.

Bums, Redlegs Have Another Bitter Scrap

BROOKLYN (AP)—A bitter feud was brewing between the Cincinnati Redlegs and the Brooklyn Dodgers today as the result of two scraps last night.

Brooklyn's Junior Gilliam and Cincinnati's Raul Sanchez squared off for the first of two fights which brought players from both teams running to either get into a fight or attempt to make peace.

The second fight involved the Dodger's Charlie Neal and the Redlegs' Don Hoak, a former Brooklyn player.

And when peace had been restored, the four players ejected from the game, and Duke Snider had hit his second home run for a 4-5 Brooklyn victory there came the charges and countercharges.

"I'll get that Neal before the series is over, either on or off the field," said Hoak. "I was hit from ambush, when I wasn't looking."

Neal said he entered the melee to protect Gilliam, who, was Sanchez, collided on the first baseline as the Brooklyn second basemen attempted drag punt bopped foul.

"Every Brooklyn pitcher has orders to dust off a batter when the count is two strikes and no balls," said Manager Birdie Tebbetts of the Redlegs.

This Manager Walt Alston of the Dodgers promptly denied with the retort: "Ask my pitchers."

Tebbetts claimed Gilliam first tried to get the Cincinnati rookie right-hander in a disputed play at first earlier in the game. Sanchez sent Gilliam sprawling on the ground with a pitch before the Dodger infielder attempted his drag punt.

Some players said the bad blood started in Cincinnati on when Sanchez knocked down Roy Campanella.

Family Returns To Kansas City For Better Time

KANSAS CITY (AP)—There was only one thing to mar the enjoyment of Delbert King and his 14-year-old son, Dennis, at the Kansas City-New York baseball game last night.

The Athletics lost, 3-2.

Other than that things were happier for the Kings, from Audubon, Iowa, than they were a month ago.

That last time, King, a 42-year-old former minor league player, his wife, their son and two daughters were driving to Kansas City, when:

Their car broke down at St. Joseph, Mo.

They rented another, but the delay made them late and they didn't arrive until the end of the sixth inning.

The Kings' last.

Their rented car was stolen along with \$300 worth of personal belongings.

They stayed overnight in a hotel and the A's lost again next day. Athletics officials arranged a return visit at club expense.

Last night King threw out the first ball. The Kings were introduced as guests of honor and will stay around today for another game as the A's guest.

Police added their bit, reporting some of the King property recovered.

Said King, before the game: "Boy this is wonderful. We really appreciate it. All we want to do is to see Kansas City win."

The A's didn't. But the Kings enjoyed it anyway.

Ex-Athletics Yank Hurler Beats the A's

By THE ASSOCIATED PRESS

They needed help from a pair of former Athletics, but the New York Yankees' season-long spell over Kansas City held fast.

Mickey Mantle supplied the clincher last night with his 23rd home run in the 11th inning for a 3-2 victory, the 12th for New York in as many games with the A's this season.

The pitching victory went to ex-Athletic hurler Art Ditmar, who relieved starter Bob Turley in the eighth.

Harry Simpson, who went to New York from Kansas City in a big trade last month, drove home the tying run in the ninth. His single scored Mantle, who had singled and moved to second on Bill Skowron's single.

Turley and Virgil Trucks dueled to a 1-1 standoff through seven innings. Tom Morgan took over for the A's and was the loser.

Yogi Berra's seventh inning homer tied the score at 1-1 but Kansas City edged ahead in the eighth. Lou Skizas, whose first inning double drove in the first A's run, reached first on an error and scored on successive singles by Tim Thompson and Woody Held.

Kansas City's home attendance was boosted past the half-million mark to 506,650 by a crowd of 20,115.

At New York yesterday Giant left-hander Johnny Antonelli set out to prove Walter Alston should have started him in the All-Star game and used the first - place St. Louis Cardinals as his victims.

Antonelli, passed up by Alston for Curt Simmons of Philadelphia, halted a five-game St. Louis winning streak with a five-hit, 1-0 masterpiece. It opened a 13-game eastern swing for the Cards.

Young Lindy McDaniel pitched well enough for the Redbirds to win 99 of 100 games. He gave up only three hits in his seven-inning stint—one of them a sixth inning home run by rookie catcher Valmy Thomas.

Al Dark was the only Cardinal to reach third base. He walked in the fourth, reached third on Del Ennis' two-out single, but was left there as Ken Boyer fled out.

Stan Musial and Boyer singled in the ninth, but Bobby Gene Smith fled out and Hal Smith tapped to the mound to end the game.

American Pros Dominate 48th Canadian Open

KITCHENER, Ont. (AP)—The American professionals are dominating the 48th Canadian Open Golf Tournament, just as they have for years.

Going into today's third round of the \$25,000 test, Doug Ford, Fred Hawkins and Henry Ransom held a one-stroke advantage over the field.

The three Americans had two-day totals of 136, six strokes under par. There were just three Canadians among the 21 professionals in the fight for the \$3,500 top prize. Only one Canadian — Pat Fletcher of Montreal — has been able to win Canada's top tournament since 1914.

The brisk wind that blew dozens of first-round scores into the high 70s and 80s diminished yesterday and 39 players overcame par. Only 16 were able to do the trick the first day at Westmount's 6,544-yard par 35-36-71 course.

Battling to overcome the third round blowup that cost him the Canadian National title last year is young Gay Brewer Jr. of Cincinnati, who equaled the Westmount course record yesterday with a 66. He had a first round 72 and was bunched with four others at 137, one stroke behind the leaders.

Joining Brewer at 137 were first-round coloader Ed (Porky) Oliver, Canton Mass.; Pat Schwab, Dayton, Ohio; Bill Casper Jr., Bonita, Calif.; and Bo Winingar, Odessa, Tex.

Sedalia Gives Jefferson City Second Defeat

The Sedalia Chiefs put together two singles and a walk for a run in the ninth inning to break a tie and defeat the Jefferson City Maons by a score of 5 to 4 in a Ban Johnson game here Thursday night. The Jefferson City team was first half winners in the league.

Jefferson City has only suffered two losses and both were to Sedalia. The Chiefs came from behind after losing an early 3 to 0 lead. They began scoring in the second inning when they jumped on Danny Casey for three runs on two hits. Jim Harvey led off the inning with the first of three walks he obtained in the game. Barbour attempted to sacrifice but when Casey fumbled the ball he was safe at first.

After one out. Gary Wickliffe hit a double for one run. Barbour scored as Swofford grounded out. With two away, Clyde Kubli lined a double to left center to score Wickliffe.

Jeff City came back in the fourth to pick up two runs. Later picked up two in the eighth to take the lead. In the fourth, Fritsch singled and scored from first as left-handed hitting Ray Hentges tripled down the left field line. Hentges later scored on a wild-pitch by Kubli.

The Maons gained the advantage in the top of the eighth when with one out, Albright reached then struck out Nichols for the Harvey to second. Benny Neal second out, but pinch-hitter Denny Higgins hit a three-to-two pitch good for a double. Roger Scrivner singled Higgins home with the leading run.

Swofford, Kubli and Miller walked in the eighth to force in the tying run for the Chiefs by Burton who had singled.

Harvey led off the ninth for the Chiefs with a single to center. Barbour then walked, advancing Harvey to second. Benny Neal ca to the plate and promptly lined a single to right to drive in the deciding tally.

Clyde Kubli was the winning pitcher. He walked three and struck out twelve. Relief pitcher Denny Higgins took the loss for Jefferson City. Danny Casey was the start. ing pitcher for the Maons.

The Chiefs will journey to Boonville for a night game on Sunday. All players are asked to meet at Ralph Hamlin's promptly at 5:30.

Card Manager Sees Close Pennant Race

NEW YORK (AP)—His St. Louis Cardinals may be in position to crack the National League log jam wide open, but Manager Fred Hutchinson doesn't think they will. Fact is, he doesn't think any club will.

"This race is going to be tight all the way," he said today as the Redbirds in first place by two games, waited for a night game with the New York Giants.

"There are five clubs who could win it, but nobody's strong enough to run away with it."

Hutchinson was disappointed at the way his Cards were set down by Johnny Antonelli and the sixth-place Giants 4 yesterday in the opener of a 13-game trip through the East. The loss junked a five-game winning string.

The Cards, have been shut out only three times this season and the Giants have done it twice.

"That Antonelli stuck the bats in our hip pockets," said Hutch in disgust. "He's good, but we've gotten him out of there before even after he's had a four-or-five-run lead."

Antonelli, agreed he's never had it easy with the Cardinals.

"I've always had trouble with them for some reason," he said. "Seems funny, a left-hander supposed to have it made against that club. But they've got a lot of right-hander hitters now."

Anty, only 9-12 lifetime against St. Louis, dueled on even terms with Lindy McDaniel through five innings. Each had a two-hit shut-out when rookie Valmy Thomas slapped his third home run of the season against the upper deck in left field in the sixth inning.

Electric Eye To Be Used In Fair Races

All possibility of human error in timing the Grand Circuit Harness Races at the Missouri State Fair is to be eliminated this year. The timing will be done by an electronic eye, Colie Ervin, Secretary of the Fair, has announced. The Fair will be held from August 17 through August 25.

Marking the device's first use west of the Mississippi River and, of course, at the Missouri State Fair, a Visumatic timer will be set up at the quarter mile, the half mile and the three-quarters mile. As each horse making the circuit of the mile track passes the quarter points, the electronic beam will be broken, registering the exact time on a board at the Judges' stand. The record will be visible to the grandstands. The minute a horse finishes, its time will be available.

The Visumatic is a new method of timing, having been invented only three years ago by Ira Mallot of Louisville, Ky. It is solely a timing device, and does not replace the photo finish, which also will be used at the Fair.

Another innovation at the Grand Circuit will be the placing of three patrol judges at strategic places around the track to be on the lookout for infractions of the regulations. Seated on pedestals, one of the judges will be at the half mile pole and one at each of the two turns, watching the race with field glasses. Each will have a red flag at hand. Should any infractions of the rules be observed, the patrol judge seeing it will signal a patrol car which will take him to the judges' stand to report the infraction.

Player Injuries Sideline Key Men In Leagues

By THE ASSOCIATED PRESS

Injuries continued to pile up in major league baseball today with bruises and strains again sidelining key men in the pennant races.

The Milwaukee Braves, already hurt in their fight for the National League flag by a host of injuries that include slugger Joe Adcock's fractured leg, lost center fielder Billy Bruton and shortstop Felix Mantilla last night in a fielding collision.

And the Philadelphia Phillies, a point ahead of the Braves in second place, lost catcher Stan Lopata, who wrenched a knee.

In the American, Cleveland's veteran righthander Bob Lemon, came up with a strained elbow. And rookie Tony Kubek of the first place New York Yankees was hit on the right knee by a pitch.

Catcher Hank Foiles of the Pittsburgh Pirates was another National League casualty, when he caught a foul tip on the middle finger of his throwing hand.

Bruton and Mantilla, both due for x-rays today, collided in pursuit of Bill Virdon's blooper in the first inning at Pittsburgh. Bruton needed eight stitches in his upper lip and also suffered a badly bruised knee. Mantilla suffered a bruised chest.

The St. Louis Cardinals were another National League casualty, when they lost center fielder Stan Lopata, who wrenched a knee.

The entire bridal party and the minister were mounted for the ceremony, which took place before the rodeo's largest crowd in its stay here, 12,500.

After the wedding, the groom took first place in the bareback bronc riding contest and was a leading contender in the Brahma bull riding event.

The rodeo will continue through Sunday.

Two young rodeo performers from Tucson, Ariz., were married to night in the feature event of the J-Bar-H rodeo.

Bride, Groom TV Program Embarrassing

By CHARLES MERCER

NEW YORK (AP)—A television reporter and his wife attended a marriage ceremony in their living room the other day. The occasion was Bride and Groom (NBC-TV).

Also present was the reporter's mother and his father, a retired clergyman, who views television sparingly.

In this particular ceremony a clergyman joined in holy matrimony a former American soldier and a German girl with whom he fell in love while overseas. The TV program gave the young couple the works: music, champagne, flowers, a silver setting, china, a dinette set, a kitchen range, a deep freeze, a set of luggage, a clock, fishing equipment, camera, the use of a new car for their honeymoon, and an all-expenses-paid honeymoon.

After the ceremony the dialogue around the TV set ran something like this:

Mother: "Didn't they look happy?"

And the young man looks just like George Gobel. Did you like it?"

Reporter: "No, I feel sort of

embarrassed about the whole thing." To his wife. "And you?"

Wife: "Terribly embarrassed for everybody taking part in it. Marriage is a highly personal thing and too serious to be commercialized."

Mother: "I understand that feeling. But I don't think everybody shares it." (To her husband) "How many marriages have you performed?"

Father (reflectively): "I don't know exactly. Hundreds in the past 45 years." (Smiling) "I know what you're going to say next. I know that the majority of those couples couldn't afford a church wedding and a fancy reception afterwards. I know that most of them wanted a more splendid wedding than they had."

Mother: "I attended nearly every one of those weddings. I've seen their faces, especially the brides. So many of them wished for something — more splendid. When a television program gives them that feeling of warmth and gaiety, how does it detract from the marriage?"

Wife: "I don't think it does for some, mother. You can only be subjective about it. I'd be embarrassed to get a home freezer from some commercial source because I'd hate our marriage to be so patronized."

Reporter: "You could have used a freezer. All I had was a portable typewriter and radio."

Wife: "Then you may give me one. But it has to come from you." (To father) "Would you perform a marriage ceremony on Bride and Groom?"

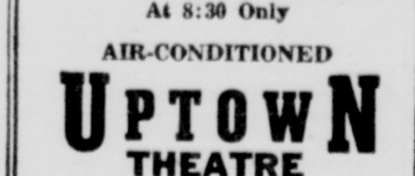

Father: "Thanks, no. I understand why some clergymen would. But personally I can't see com-

Reports Opposition
To National Park Site

WASHINGTON (AP)—The administration is opposing legislation to establish a national park at the site of the Civil War battle of Wilson's Creek, Sen. Hennings (D-Mo.) and Rep. Brown (D-Mo.) said today.

Hennings and Brown have introduced bills calling for authorization of such a park on the battlefield site south of Springfield, Mo.

Their statement said Budget Bureau reports claimed the battle of Wilson's Creek was a "secondary engagement" and lacked national "significance."

Ground Tackle, Tugs Move Ship Off Reef

HAMILTON, Bermuda (AP)—Helped by a mighty yank from ground tackle, the British cruise ship Reina del Pacifico slid backwards off Devil's Flat Reef last night three days after running aground.

The liner bobbed lightly on the squal-tossed sea, but with a starboard list. The effort to pull the

Reina free succeeded as the weather grew increasingly worse, threatening to halt salvage operations until the weekend.

Divers found a big dent in the hull, but no holes. An underwater examination today was to determine whether the ship could continue on its voyage to Liverpool.

65 Flags Fly Brilliantly

Boy Scouts Officially Open Jamboree With Ceremony

VALLEY FORGE, Pa. (AP)—America's Boy Scouts today officially opened their fourth National Jamboree.

With red rockets bursting in air and a band playing the stirring martial tune "Colors," four Eagle Scouts hoisted Old Glory on a 60-foot pole.

Drums rolled as the flag reached the top of the gleaming

aluminum pole—and then there was a moment's silence.

The 51,000 Scouts and their leaders stood at attention in the grassy valleys and wooded hills of historic Valley Forge.

It was the first time the American flag had flown over the encampment.

Though thousands had been living for more than three days in tents pitched on this historic land made famous 180 years ago by George Washington's colonial army, the weeklong jamboree that ends next Thursday has been unofficial until today.

The impressive flag-raising ceremony officially called the jamboree to order.

The honor of hoisting the colors went to Robert Dockstader, 17, Kennett Square, Pa.; Charles Ax, 16, Downingtown, Pa.; Neilson Lair, 15, Coatesville, Pa.; and Wayne Brown, 15, Rising Sun, County (Pa.) council, which is part of the Philadelphia area.

Four Philadelphians raised the national Scout flag and four from Valley Forge the official jamboree banner on two 35-foot poles standing on either side of the main staff.

Then while the 150-piece band composed of Scouts from Pennsylvania, Delaware, Maryland, Virginia and the District of Columbia continued to play—after the moment's pause—the flags of 62 other nations were raised on 28-foot poles that lined the headquarters quadrangle.

Thus the jamboree got under way.

Until this evening's mammoth pageant, featuring Vice President Richard Nixon, the day's program will run the gamut of the usual Scout routine: walking tours to historic areas in Valley Forge Park, archery, angling, marksmanship, log-rolling, log-sawing, flagpole-raising and various physical fitness competitions; and visits by 7,000 to Philadelphia to see Independence Hall and the Liberty Bell.

The pageant in the jamboree arena, with the entire 51,000 present, will feature "A Roll Call of the Regions"—with Scouts portraying in various tableaux the heritage, traditions and local characteristics of U.S. areas.

Following that will be a visual reproduction of "The Valley Forge Story" depicting the sacrifices Washington's ragged troops underwent in the bitter winter of 1777.

Nixon will bring a personal message from President Eisenhower, who is not planning to attend.

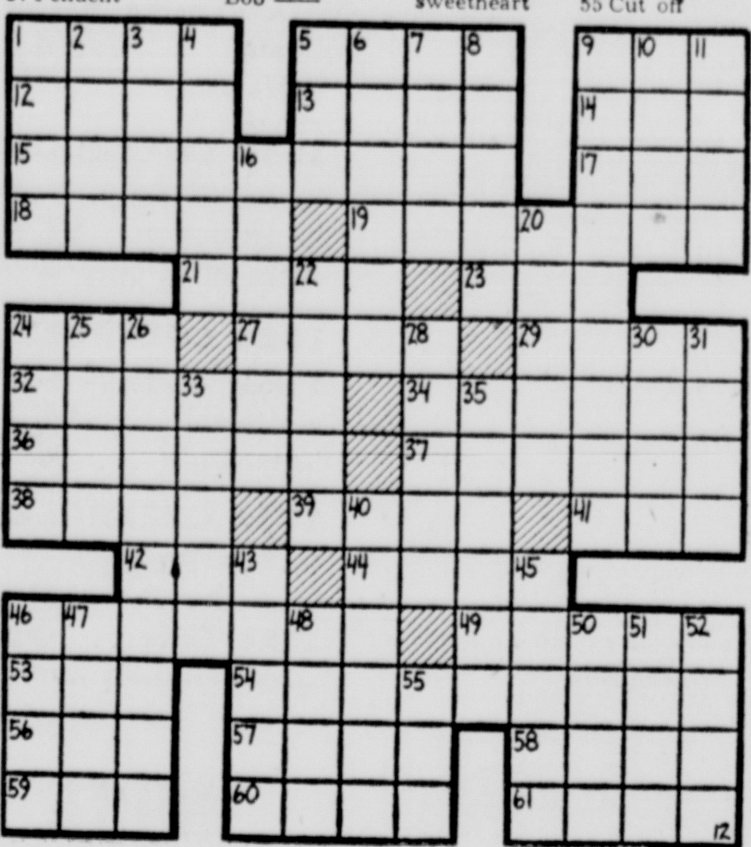

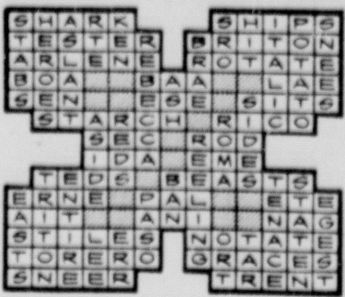

statewide conferences on traffic safety problems.

Dearborn predicted that success of these stepped-up campaign measures will make them standard operating procedure in the future.

News Symbol Gives Relief On Examination

ALBANY, N.Y. (AP)—The Associated Press provided at least one refreshing breathing spell for thousands of New York high school pupils in a recent regents examination.

According to a spot check, the University of the State of New York said today more than 90 per cent of 60,000 youngsters who took history examinations answered correctly a question involving The Associated Press.

The question asked the meaning of the symbol "AP" at the beginning of a news item. The correct answer was that the item was furnished by a news-gathering agency.

The alternative—and incorrect—reply to the question was that the news item was approved by the government before its release; had appeared in an earlier edition; was written exclusively for the paper in which it appeared.

Insures 15-in. Mustache

SAN DIEGO (AP)—Restaurant owner George Pernicano says he is insuring his mustache, measuring 15 inches from tip to tip, with Lloyds of London for \$50,000.

He said he was prompted by the furor over orders by the city's police and fire chiefs that mustaches must go from their departments. He professed, with tongue in cheek, that he feared the ban might somehow spread.

Fellowship Club Has Sponsorship Of Calendar Tea

The Christian Youth Fellowship Club, Quinn Chapel A.M.E. Church will sponsor an autograph calendar tea at the church, Osage and Pettis Sunday 5:30 to 7 p.m.

Musical numbers will be presented by talented young people of the church.

The tea is the closing service of the autograph books the young people have been having filled. The name, address, birthday, quotation or anything may be written in the autograph book with each person signing giving a contribution toward the fund that will be used for a new church building.

The proceeds will be turned in at the tea and ice cream and cake will be served free to anyone who has signed an autograph book. There will be 12 card tables, one for each month of the year and each decorated appropriately. A young girl will be hostess at each table.

Sandra Christian is president of the Christian Youth Fellowship Club. Mrs. Sam Cooper is supervisor and the Rev. W. H. Hickman is pastor of the church.

Is Granted a Trial Of Annulment Suit

LOS ANGELES (AP)—A former journalist in Brazil has been granted an early trial of his annulment suit against a New York stage and television actress, in which he charges that she refused to bear children.

Fabio Ramos, 35, got a court order yesterday setting July 30 as the date for hearing his action against Lisa Daniels, 24. Her lawyer said he wasn't sure she could get here by then, but the court denied his plea for delay.

Ramos charges Miss Daniels put her "personal pleasures" and her career above wifely duties. She had filed a cross-complaint for divorce, charging cruelty and denying his allegations.

Albricht Seen Next in Order In Red Purge

Stalinist East Reich Leader Assailed Sharply by Party

BERLIN, July 11—(AP)—The Stalinist rule of Walter Ulbricht, boss of Communist East Germany, tottered today under the backlash of the Moscow purge.

Reliable East Berlin sources said Ulbricht, Communist party secretary, has come under attack within his own Central Committee. There is a rising chorus of demands for easing Ulbricht's Stalinist police grip.

Senate Delays Day and Night Rights Debate

24-Hour Sessions On Measure Seen To Start Saturday

WASHINGTON, July 11—(AP)—By unanimous agreement, the Senate decided late today it will not start round-the-clock sessions on the civil rights bill at least until Saturday.

Democratic Leader Johnson of Texas, who engineered the agreement, said he hoped the senators could get together later on a definite time to vote on a motion to bring the controversial legislation to the floor.

The Senate has been debating the motion in overtime sessions since Monday.

VOTE DATE UNCERTAIN

Johnson said he favored a vote next Wednesday. Others sought a vote Monday and some wanted one today.

The fact that "some 18 or 20 senators" still want to make speeches on the motion, the Democratic leader said, made it impossible to fix a voting time now. The time must be fixed by unanimous agreement.

Johnson said that after tonight's session the Senate would meet at 9:30 a. m. tomorrow and Saturday.

"I am unable to say now how late the Senate will continue on Saturday," Johnson reported after a series of conferences with Republican Leader Knowland of California and other chieftains of opposing camps in the civil rights battle.

Earlier in today's long session Johnson announced he would support a proposal by Sen. Morse (D-Ore) to refer the civil rights bill to the Judiciary Committee with orders to report it back in two weeks. The move would probably save time, he said.

Young Soldier Dies When Car Leaves Road

STILWELL, Okla., July 11—(AP)—A Ft. Chaffee, Ark., soldier was killed early today when a car went out of control on a U. S. Highway 59 curve near here and plunged off an embankment.

A funeral home identified the victim as Thomas S. Stice, about 23. His home town was not available.

'Operation Alert' Launched Today

Mock Attack to Sweep U. S.

WASHINGTON, July 11—(AP)—Imaginary death and devastation will be poured on American cities tomorrow to launch the nationwide civil defense and mobilization exercises: Operation Alert 1957.

HE SWERVED—A Smithton man, Max A. Smith, 25, was slightly hurt early Wednesday morning when he swerved to avoid an oncoming car and rammed this utility pole in the 1700 block on East 16th. The front end of the 1955 Buick was badly damaged. The broken pole was suspended by its power lines until repairs could be made. (Democrat-Capital photo)

Shooting Fatal To Negro Here

Air Force Sergeant Admits Slaying to Police Thursday

Roscoe V. President, Sr., of 215 East Hogan, was shot and killed about 8:45 p. m. Thursday at the home of S/Sgt. L. D. McQueen, 39, of 403 East Pettis. McQueen is assigned to the 340th Air Police Squadron at the Whiteman Air Force Base.

Police arriving at the scene were met by McQueen, who according to Officers Clyde Nicewarner and Louis Poindester, admitted shooting President. The officers reported McQueen had said that he and President had been arguing and drinking with each other in the home, and that President threatened to kill him. McQueen said that he shot President not recalling how many times.

When the police arrived on the scene, they found President lying on the steps, his feet in the doorway and his head on the concrete sidewalk, face down. The officers who answered the call were Leonard Ditzfield, Albert Blankenship, William Miller and Tom Moffitt.

Officers said he died almost instantly from the wounds, one bullet apparently passing through the heart. However, a post mortem was conducted by Dr. C. G. Stauffacher, coroner, at the Alexander Funeral Home, and a report is to be made on his findings Friday.

Dr. Stauffacher and Harold Barwick, prosecuting attorney, said an inquest would be held at 9 a. m. Monday in the Assembly Room of the courthouse.

Mrs. Roscoe President, wife of the dead man, told police that she was at the home of her mother, Mrs. Lillian Brown, 526 North Yage, where she and her husband had been staying recently because of her mother's illness. She told police that her husband had called her a short time before and told her he was at McQueen's and that they were going to have a few drinks together.

Later, she reported, "McQueen called me on the phone." "McQueen said, 'your husband is down here with me and everything is all right.' Then I heard him say, 'turn around,' and then I heard (Please turn to page 4, Column 6)

U.S. Gives Up More of Files In Race Trial

KNOXVILLE, Tenn., July 11—(AP)—The government yielded segments of its secret FBI "raw" files in the four-day-old Clinton segregation trial today. But it fought tenaciously to save every possible scrap from hard-probing defense lawyers.

Under a ruling by U. S. Dist. Judge Robert L. Taylor, U. S. Dist. Atty. John C. Crawford Jr. ceremoniously handed over to the defense a transcription of a witness' statement to the FBI.

RULES DATA PERTINENT

After studying the document overnight, Taylor ruled that the statement—made by Robert G. Crossno, chairman of the Anderson County Clinton School Board—was pertinent to the trial of 16 defendants on criminal contempt charges in U. S. District Court here.

As such, the judge said, the defense was entitled to know what Crossno, as a witness here, had told the FBI during its investigation of mob violence which erupted in the little town of Clinton, 20 miles northwest of Knoxville, last fall.

This will provide the first full test of the new helicopter system of White House evacuation. Twenty-four staff aides and 16 correspondents will be picked up.

About 5,000 government officials and key employees have been alerted for a less spectacular removal three days later. They will simply report for duty Monday at 80 relocation centers maintained by 30 agencies in several states.

For three weeks these officials have been operating in Washington under simulated conditions of mounting world tension and "deteriorating international relations."

This has been the "preparedness" phase of the exercise. Skeleton staffs have been dispatched by agency heads to prepare the relocation sites for emergency use if "the worst" should happen.

Phase 2 begins here at noon tomorrow when air raid sirens sound the alert signal. Sometime later in the afternoon, here and in scores of other cities, the "take cover" signal will be sounded.

This phase will last through agencies' relocation centers.

Court Supports Japanese Trial In Girard Case

Will Be Tried In Jap Slaying

Upholds U. S. Move as Legal In Yielding Rights to Japan

WASHINGTON, July 11—(AP)—The Supreme Court, in an 8-0 decision of far-reaching import, today cleared the way for Japan to try GI William S. Girard for manslaughter.

The high tribunal ruled that the Eisenhower administration violated no provision of the Constitution or laws when it waived any right to try Girard by U. S. Army court-martial and decided instead to turn him over to Japan.

The eight justices upheld the legality of the status-of-forces agreement between the United States and Japan. This pact gives the primary right to try American servicemen to the United States in some cases and to Japan in others. It also provides that one nation shall give "sympathetic consideration" to waiving its right on request from the other nation.

Ban on Trials Of Servicemen Abroad Urged

House Would Add Provision to Ike's Foreign Aid Plan

WASHINGTON, July 11—(AP)—A House battle began shaping up tonight to add to President Eisenhower's new foreign aid bill a prohibition against foreign court trials of U. S. servicemen.

The move developed in the wake of the Supreme Court's decision in the case of GI William S. Girard. The court upheld the legality of a decision by U. S. officials to turn Girard over to the Japanese government for trial on a manslaughter charge.

Rep. Bow (R-Ohio) said he was studying Eisenhower's \$3,242,333,000 foreign aid measure "to see where an amendment might be offered." The aid bill was cleared by the Rules Committee today for House consideration starting Monday.

Bow said the Supreme Court decision in the Girard case "makes it even more urgent" that Congress act on his resolution aimed at preventing the prosecution of U. S. servicemen in foreign courts.

Rep. Wayne Hays (D-Ohio) predicted that Bow's resolution, which has been bottled up in the Rules Committee, "will be put on as an amendment" to the foreign aid bill.

The resolution is opposed by the Eisenhower administration, whose spokesmen contend its adoption would force the recall of U. S. forces from all parts of the world.

If the House and Senate should vote to incorporate it in the foreign aid bill, Eisenhower would be faced with the dilemma of having to accept it or veto the whole bill.

One of the last men strongholds is threatened.

ST. LOUIS, July 11—(AP)—One of the last male strongholds in St. Louis is threatened.

It is the Merchants Exchange where in its 121 years of existence not a single woman has been seated as a member.

This tradition will be put to the acid test July 22 when the membership will vote on a proposition to remove the words "male persons" and substitute "individual" in the membership requirements.

Walter J. Krings, exchange secretary, said the election was caused by a member who has women employed in his firm.

Some of the concerns do employ women as traders but they can work only from their offices, not the exchange floor.

Some men connected with the exchange eye the proposition dubiously. "I think wives are behind it," one muttered.

Pans Ike on 'Clean' Bomb

Nikita's Criticism Not to Deter U. S.

WASHINGTON, July 11—(AP)—The White House, apparently stung by Nikita Khrushchev's hoots at President Eisenhower's talk of a "Clean" H-bomb, said today this country would not be deterred from finding ways to avoid "mass human destruction."

Khrushchev, the Soviet Communist boss, said in a Prague speech today that Eisenhower had uttered "a stupid thing" in speaking of the possibility of "clean" hydrogen bombs.

"It is rather amazing that Mr. Khrushchev would think efforts by American scientists to eliminate dangerous fallout from atomic explosions is 'a stupid thing,'" the White House statement said.

DEFENDS OBJECTIVE "The avoidance of mass human destruction in an atomic war is and has been a prime objective of President Eisenhower and his administration, no less than the aim of eliminating the possibility of war itself.

"Such efforts to which the United States is dedicated are and will be continued."

The statement was issued by James C. Hagerty, the President's press secretary, with the "full knowledge," he said, of Eisenhower and Secretary of State Dulles. Khrushchev's remarks were read to Eisenhower and Dulles when they came out of a National Security Council meeting at the White House.

HITS TALK AS 'STUPID' Hagerty refused to go beyond this three-sentence statement. He declined to say how, if at all, it might be related to the crucial disarmament talks being held in London.

"President Eisenhower is a tall, slender man with a high forehead and a friendly smile. He is a man of great energy and a strong sense of duty. He is a man who is dedicated to the service of his country and the world." (Please turn to page 4, Column 2)

Scientists See A-Arms Rein As Impossible

PUGWASH, N. S., July 11—(AP)—Nuclear scientists from the United States, Russia, Britain and seven other countries said today that development of atomic armaments has reached the point where a "completely effective and reliable control system appears to be no longer possible."

But the group of 20 scientists insisted that mankind must somehow find the way to abolish war or suffer catastrophe.

The scientists, including leading atomic experts, issued a statement saying international power groups must be broken and the arms race ended.

They released the statement after four days of study and discussion at an international conference called by British philosopher Bertrand Russell. He was ill and unable to attend the meeting, at which Cyrus Eaton, Cleveland industrialist, was host. He is a native of Pugwash.

The scientists saw the greatest peril in the chance that a war between small nations might bring in the United States and Russia and the use of atomic bombs.

"To avert this danger," they said, "political settlements aimed specifically at eliminating the risk of the outbreak of a local war between smaller nations are needed."

Mrs. James Edward Land

La Verna Ruth Fulton, James Land Wed In Double Ring Ceremony

Miss LaVerna Ruth Fulton, daughter of Mr. and Mrs. Lloyd Fulton, 1500 South Harrison, became the bride of James Edward Land, son of Mr. and Mrs. James C. Land, 1522 East Fourth, at three o'clock Sunday afternoon, June 23, at the Cumberland Presbyterian Church. The double ring ceremony was read by the Rev. Robert Rhodes before an altar centered with lighted tapers in two seven-branch candelabra entwined with smilax. Two baskets of white gladioli and blue and pink daisies and Mexican jade trees were on either side.

Miss Janice Ringen sang "Alo-ways" and at the close of the ceremony "The Lord's Prayer," accompanied by Miss Marcia Rissler. Miss Rissler also played the traditional wedding marches.

Proceeding the ceremony the candles were lighted by Miss Carolyn Hick and Miss Eleanor Hillman, who wore dresses of pink and blue respectively. Their wrist corsages were of white carnations.

The bride, whose father gave her in marriage, wore a gown of white lace and net over satin designed with fitted bodice and ballerina length skirt of alternating ruffles of Chantilly lace and net, worn over hoops. Her bolero lace jacket featured long sleeves which formed points over the hands and was buttoned with tiny buttons to the Peter Pan collar. Her head-dress, designed of pearls held her shoulder length veil of illusion, was made by her aunt, Mrs. Lester Rice. She carried a white Bible adorned with an orchid, gift of her grandmother.

Mrs. Dennis Callahan, matron of honor, wore a white ballerina length formal of net and satin with pink cummerbund. She carried a nosegay of pink and white carnations.

Miss Charlee Land, sister of the bridegroom, was bridesmaid. She wore a ballerina length dress of blue taffeta with white net overskirt. She carried blue and white carnations.

Ben Neal served as best man and Orin Anderson was groomsmen. Ushers were Charles Neal and C. W. Wood, cousin of the bridegroom.

The bride's mother was attired in a street length dress of light blue mesh with dark accessories and pink carnation corsage. The mother of the bridegroom wore a navy faille dress with dark accessories and a pink carnation corsage.

Following the ceremony a reception was held in the church basement for 100 guests.

The three-tiered wedding cake topped with a miniature bride and groom, was encircled with greenery and pink and white roses. An ecru lace cloth covered the bride's table.

Mrs. Lester Rice, Miss Mary Alice Hutchison and Miss Suzanne Holst served. Mrs. Jewell Thomas, Bunceton, had charge of the gifts.

Miss Leatrice Koenke Exchange Vows With Jerry Dean Wischmeier

Miss Leatrice Koenke, daughter of Hillard Koenke of Independence, who made her home with her grandmother, Mrs. Katie Koenke, Cole Camp, and Jerry Dean Wischmeier, son of Mr. and Mrs. Henry C. Wischmeier, Lincoln, exchanged marriage vows at 7:30 o'clock Sunday evening, June 23, at St. Paul's American Lutheran Church, Cole Camp. The Rev. Elmer H. Kuhlmann performed the double ring ceremony.

The church was decorated with white gladioli and Majestic daisies with an altar arrangement of gladioli and daisies. Two large baskets of gladioli and daisies were placed in the chancel and an arrangement of white gladioli was on the choir railing. Four candelabra entwined with greenery completed the decorations.

Proceeding the ceremony Mrs. Robert Gerken played the following selections on the organ: "Largo" by Handel, "Wedding Prayer" and "One Alone," "Bridal Chorus" from Lohengrin and the Wedding March from "Midsummer Night's Dream."

Miss Lois Jean Behrens sang, "O Perfect Love" and Robert Gerken sang "The Lord's Prayer." Miss Behrens and Mr. Gerken also sang "I Love You Truly" as a duet.

The bride, given in marriage by her father, wore a gown of Point de Spree over satin. The molded bodice had a scalloped sabrina neckline and long sleeves tapering to points over her hands. An overskirt of Point de Spree fell from the bodice, over the very bouffant skirt of tulle, flowing into a graceful chapel train. Her fingertip veil of imported silk illusion, fell from a Mary Queen of Scott lace shell with pearls and sequins. She carried a cascade bouquet of white orchids.

Miss Violet Viebrock, maid of honor, wore a floor length gown of white chiffon and carried a bouquet of red roses.

Mrs. Darlene Weathers, Mrs. Rosemary Cairer and Mrs. Rayma Wenig, bridesmaids, also wore floor length gowns of white chiffon.

Wheel Chairs Are Available Thru Group

Two of the older type wheel chairs with cane banks and seats, will be given by the Sick Loan Cupboard to people needing them. These chairs will still give good service to anyone who will need a wheel chair for a long time, and they may be obtained at the Fire Station.

Mrs. Cline Cain and Mrs. Abe Silverman, who for several years have provided this wonderful service of the Sick Loan Cupboard for the people of Sedalia, felt they would rather spend money for a new chair than to have these two chairs of the older type fixed up.

At the present time there are eight wheel chairs in the Sick Loan Cupboard and all of them are loaned out, with the eighth one going out Saturday. Because there are places where wheel chairs may be rented the Loan Cupboard loans the chairs only to those who cannot afford to rent them.

A commode is a different matter, though. These cannot be rented and yet they are sometimes needed in the sick room, so they are loaned to anyone who requests one.

It is amazing, Mrs. Cain says, how this service is used. There is never a week goes by that there is not at least one call for something, bed pans, crutches, canes, hot water bottles and various other articles.

A great deal of praise goes to Fire Chief John Lucke and his men who are always ready, day or night, to give out the items called for, she said. The request for the items are made to Mrs. Cain or Mrs. Silverman, who make arrangements for the loan. The Sick Loan Cupboard is located at the fire station where people call for them, and many things are picked up at night by people who work in the daytime and cannot go to the station until late. But, whatever time it is, the firemen are always there to accommodate them.

Mrs. Calvin Balke

Mr. and Mrs. Henry Lampe, Concordia, announce the engagement of their daughter, Elizabeth Ann, to Thomas Harfield, son of Mrs. Robertine Harfield, Knob Noster, and the late Francis Harfield.

Wilma Kipp
Becomes Bride
Of Calvin Balke

Miss Wilma Kipp, daughter of Mr. and Mrs. Louis Kipp of Stover, became the bride of Calvin Balke, son of Mr. and Mrs. Homer Balke of Cole Camp, at 2 o'clock Sunday afternoon June 23, at Christ Lutheran Church, in Stover. The Rev. Elmer H. Kuhlmann, pastor of St. Paul's Lutheran Church, Cole Camp, officiated at the double ring ceremony.

The church was decorated with baskets of white gladioli, ferns, white hydrangeas and two seven-branch candelabra entwined with ivy.

Mrs. Robert Gerken, organist, played "Traumerei" and "God of Our Fathers" preceding the ceremony. The traditional wedding marches were used.

Miss Donna Holsten, soloist, sang "O Perfect Love" and "The Lord's Prayer."

The bride was given in marriage by her father. She wore a floor-length gown of Chantilly lace over tulle and taffeta. It was fashioned with a low scalloped neckline and long sleeves. The very full skirt was divided at center front featuring a pleated tulle panel outlined on either side with the scalloped lace design. Her fingertip veil of nylon tulle was attached to a headpiece of tulle with little white roses on each side. She carried a white prayer book topped with an orchid. A double strand of pearls and matching earrings, gifts of the bridegroom, completed her costume.

Miss Delores Viebrock, maid of honor, wore a lime green ballerina length dress fashioned with fitted bodice, very full skirt of alternating ruffles of lace and nylon net over taffeta. Short bolero jacket of matching lace over taffeta complimented the dress. Her headpiece of tulle and net in lime green featured white roses. She carried a bouquet of white roses.

The bridesmaids, Miss Darlene Pritzl, cousin of the groom, Miss Ruth Bockelman and Mrs. Eldon Harms, cousins of the bride, wore orchid ballerina length dresses fashioned identical to that of the maid of honor and matching headpieces. They also carried white roses.

Misses Betty Viebrock, cousin of the groom and Linda Henning, cousin of the bride, junior bridesmaids, wore green dresses fashioned identical to that of the bridesmaids and carried white roses.

The candle lighters, Misses Jenna Lou and Mary Ann Henning, cousins of the bride, wore orchid dresses fashioned like those of the bridesmaids, white carnation wrist corsages and carried white taper.

Little Misses Juddy Kay Ehlers and Patricia Knuth, flower girls, wore white dresses, fashioned like the bridesmaids and carried baskets of rose petals.

Master Kenneth Schnakenberg, nephew of the groom, served as ring bearer. He wore navy blue trousers and light jacket and a white boutonniere.

Harry Gene Balke served his brother as best man. Harold Thiele, Eldon Harms and Bobby Henning, served as groomsmen.

The bride's mother wore a copen blue crepe dress with black accessories. The groom's mother wore a beige acetate rayon dress with white accessories. Both the mothers wore white carnation corsages.

For traveling the bride chose a beige rayon linen dress with white accessories and an orchid corsage. A wedding reception was held at the home of the bride's parents at five o'clock. A four-tier wedding cake, baked by Mrs. Gottlieb Boettjer, was decorated with white roses and topped with a miniature bride and groom, centered the bride's table. Candles in crystal holders completed the centerpiece. Miss Joanne Koester had charge of the guest book.

Three hundred guests attended the reception.

Following a honeymoon trip to the Lake of the Ozarks, the couple is at home at Cole Camp.

The bride is a graduate of the Stover High School, class of 1957. The groom served two years with the U. S. Marines. He is presently employed with National Engineering in Sedalia.

Miss Sue Potter, whose engagement and approaching marriage to Kenneth Dean Shelton, Blackwater, has been announced. The wedding will take place in July.

Sedalian Has
Design Job
With Theater

Jack Gold, Sedalia, plays a key role as scene designer for this summer's stock performances by the Central Missouri State Players at the Shepherd of the Hills Theatre at Branson, on Lake Taneycomo.

Gold, a graduate of Central Missouri State College at Warrensburg, is an art and drama teacher at Windsor High School. He is the son of Mr. and Mrs. E. F. Strickler of 1301 East Ninth.

One of the 13 students enrolled in the drama workshop, Jack is a former Central Missouri State stage director.

The Central Missouri State Players will be assisted by some 20 local citizens including the grandson and great-grandson of "Uncle Ike", the only character said to be admitted by Harold Bell Wright.

The 13 college players and the "home talent" broke rehearsal schedules Tuesday morning to be photographed at "Old Matts Cabin", in "Mutton Hollow", at "Jim Lanes Cabin" and at "Uncle Ike's Postoffice" by the nationally-known photo-journalist, Townsend Godsey.

These pictures are to be used in TV programs and feature articles according to Mrs. Evelyn Runyon, in charge of publicity for the Shepherd of the Hills Theatre.

A sneak preview was held Wednesday night for the Branson Chamber of Commerce and civic and club leaders of the area.

The summer schedule calls for a different stock play each week following "The Shepherd of the Hills". The first of these plays will be "The Fourposter" which will open on Tuesday night, July 9, and continue through Friday.

"Springtime for Henry" will follow the next week. Gold will be responsible for the settings and the scene designs for each of the weekly stock performances scheduled each Tuesday through Friday during July and August in addition to the designing for "The Shepherd" which will be staged each Saturday night.

The 13 students from six colleges are enrolled in the drama workshop, and two journalism students from Central Missouri State College are working in publicity and advertising for the theatre. These workshops offer up to ten hours of college credit.

Early indications are for capacity crowds on opening nights with many tourists already vacationing in the Shepherd of the Hills country and a heavy reservation list reported by resort owners for over the Fourth of July weekend.

Loyal Circle Holds
Meet, Picnic at Park

Loyal Circle of Epworth Methodist Church met Wednesday, July 3, at Liberty Park for a picnic. There were nine members and three guests present.

After the picnic dinner the Bible lesson was given by Mrs. H. R. Kettle from the Upper Room and taken from the Second Corinthians. There were 85 sick calls made and 16 cards sent.

After the meeting all went out to the skating rink for the afternoon.

The home of Mr. and Mrs. A. E. Duff, 911 West Broadway, in the "Yard of the Month" contest for June for homes built before 1950 again scored honors, this time top honors. The Duff home has never failed to win one of the awards in the two years of the contest.

An outstanding feature of the yard is its beautiful carpet of green grass, not only in the front yard but in the back that goes all the way back to the alley. The entire yard always looks as if it had just been cut and trimmed. This lawn is a special Bermuda grass, Mrs. Duff doesn't know what kind, but it must be kept closely cut. That is what gives it that green carpet effect.

There are many lovely shrubs in front but the backyard is where the garden may be found. This is divided into two sections and the back is a lawn edged with shrubs of all kinds. The divider is a rose bed that goes part way and ends in the center of the yard with a climber on a trellis. Dividing on the other side is the garage.

The yard from the divider to the house is the outdoor living room not on a patio but on the green grass. Along the entire west side is a rose garden and all around are trellises with climbing roses. A round rose bed, centered with a bird bath and encircled with red brick together with vividly white garden chairs and a small green table, complete the picture. The same kind of bricks border the other rose beds, as well as the beds of annuals and perennials along the side of the garage and the driveway. The entire yard is perfectly kept.

When the photographer went to the Duff home to take a picture of the garden with Mrs. Duff and her little niece, Diane Shoemaker, 11 years old, sitting in the garden chairs, Diane thought it would be nice to have the tiny black kitten she saw next door in the picture. But a dog in the next yard felt differently about it—nobody was going to hurt that little black kitten. After Diane he went and back in her aunt's yard went Diane. Then

About Town

Major M. R. "Bob" Keller and family, Dayton, O., who have been visiting his parents, Mr. and Mrs. Elton Keller, LaMonte, have gone to Palo Alto, Calif., where he will enter Stanford University to complete study for his doctor's degree in mathematics.

The dog picked up the kitten and carried it to a safer place.

Mrs. Duff works in her husband's place of business, the Duff Motor Co., too, but they both find plenty of time to do things in their yard. "We don't think it's work," said Mrs. Duff, "because we love working in the yard."

Of the homes built after 1950, the home of Mr. and Mrs. Chester A. Wright, 611 West Beacon, was first place winner. This home, too, has scored each time during the two years.

Like the Duff home the green lawn looks flawless and in front of the buff brick house are well kept evergreens and bright red salvia. An evergreen, too, is at the side of the lamp post near the driveway. A walk in the back of the house is bordered on one side by althea and in a bed along the house grow roses and a large poinsettia.

In the homes after 1950 the second place winner was the home of Mr. and Mrs. Norman Pitcairn, 1715 West Fourth. This place has something very different, a huge old tree in the front yard encircled with a very large round brick planter filled with flowers. A red brick planter like the bricks of the house is also filled with flowers and flowers, red and yellow predominating, are along each side of the house. A playground is inside the fence that encloses the back yard but there are roses

and other flowers there, too. Red salvia is used with the evergreens in front.

The home of Dr. and Mrs. Dyer, 524 South Grand, again placed second in the class for homes built before 1950, for the second time this year. This two-story white frame home is in a setting of lovely big trees and in front grow evergreens and shrubs. A lovely rose garden is in the back where it may be seen from Fifth Street and there are more roses on the south side of the yard in the back.

Third place winner in the houses built after 1950 is the home of Mr. and Mrs. John T. Martin, 1601 West Broadway. This large red frame house with its white trim is landscaped with shrubs in front, and the backyard around which is a white fence, is restful and inviting. A stump planter in one corner holds vivid red geraniums and petunias. On the west side of the yard is a rose garden in the center of which is a bird bath and at the back of the yard are completely around the yard and at the back of the house is a patio.

The white frame home of Mr. and Mrs. L. J. Brown, 1212 Liberty Park, with its red and white metal awnings and bright red wrought iron railings down the front steps, was the third place winner in homes built before 1950. The place is neatly kept and in front are evergreen on either side

of the steps. At the side grow roses and dozens and dozens of bright little violas in yellow and purple. There is a spacious back yard with a white arbor and trees.

This "Yard of the Month" contest is sponsored by the Chamber of Commerce and the Sedalia Garden Clubs. The yards are entered in the contest and judged by the point system. At the close of the contest in August sweepstake winners for the season will be determined by the number of points for the entire time. Mrs. Everett White is director of the civics division of the Chamber of Commerce with A. H. Haller as general chairman. Mrs. Herbert Eiert is chairman of the city beautiful committee under that division and is also West Central district director and state chairman of the judges council of the Missouri Federation of Garden Clubs.

Mrs. Yancey
Tells ABWA
About Bells

Mrs. E. F. Yancey, life president of the Helen G. Steele Music Club, was the guest speaker at the regular dinner meeting of the American Business Women's Association held Tuesday, July 2, in the Magnolia Room of the Bothwell Hotel.

Mrs. Yancey spoke on her collection of bells, which is her hobby, and told the group her collection of friendship bells started in New York while she was there on a visit. Since that time she has received bells from friends all over the world, which include sheep bells, turkey bells, camel bells, donkey bells and bells of all shapes and sizes.

A bell ringing always means something, Mrs. Yancey said, either a call to church, to the door, to the telephone or some other message. She told many interesting stories of different bells of other nations and of the United States. Too, she had on display a few of the most interesting bells from her collection.

Preceding Mrs. Yancey's talk Miss Jessie Browneller told about a specific kind of bells in which she was interested, the carillon bells. These, she said, are the world's rarest and finest instruments. Miss Browneller said that her first interest began in a town in Pennsylvania where a set of 45 bells were bought at a cost of \$25,000, and there were some with as many as 100 bells. At the beginning of World War I there were only five sets of carillon bells in the United States but now there are as many as 98 in this country and Canada, but carillon bells can be traced back in Europe to the 15th century. They are played with gloved hands and by the feet, but some are played electrically and can be heard for about 20 miles.

The two speakers were introduced by the president Mrs. Evelyn Rabourn, who presided over the meeting.

During the meeting the members elected their president, Mrs. Rabourn, as their candidate for "Woman of the Year" for the contest sponsored by the national organization of American Business Women, the winner to be awarded a plaque at the National Convention which will be held this fall.

The tables were decorated with large bouquets of multi-colored sweetpeas and snapdragons. Invocation was by Mrs. Nathalia Poynter with benediction by Miss Ella Peithman.

Special guests were Mrs. Mary Peterman of Kansas City, guest of her sister-in-law, Mrs. Nina Fisher and Mrs. Ethel Keck, guest of Mrs. Vivian Van Natta.

Newspaper Guild Demands Dulles Lift Travel Ban

ST. LOUIS, July 11.—The American Newspaper Guild demanded today that Secretary of State Dulles rescind the State Department ban against United States newsmen traveling in Red China.

The guild, at its 24th annual convention, adopted a resolution calling on Dulles to rescind the policy "immediately and without qualification."

The State Department ban was described by the convention as "an offensive intrusion against the people's right to know in a democracy such as our and an unwarranted hindrance of newsmen in the pursuit of their duty to keep our people informed."

The union said that "while the State Department temporizes, the American people are hampered in their assessment of recent developments in Communist China by lack of information from within Communist China itself."

The Guild, which represents more than 29,000 members employed by newspapers and other news disseminating agencies, also called on the U. S. Senate to speedily adopt pending civil rights legislation.

VFW Chief Denounces High Court Decision As Being Inconsistent

KANSAS CITY, July 11.—(P)—Cooper T. Holt, commander-in-chief of the Veterans of Foreign Wars, today denounced the decision of the Supreme Court in the Girard case.

The court earlier today had upheld a decision to turn S.C. Williams Girard over to Japan for trial in the slaying of a Japanese woman.

In a long distance call from Paris to V.F.W. national headquarters here, Commander Holt said he was "completely disappointed with the decision," and added "I'm not surprised in view of the recent decisions of the court which have impaired the investigatory powers of Congress and the prosecution of traitors."

"What I find hard to understand," he added, "is that in their earlier rulings the court has held that the rights of individual came before the rights of the nation—even the right of the nation to protect itself against traitors. In the case of Girard they have done a complete flip and have seen fit to take away the rights of an individual."

Truman Plays Host To Democrat Leaders

INDEPENDENCE, Mo., July 11.—(P)—Former President Harry S. Truman was host today to several national Democratic party leaders.

Here for a visit with Truman were Jacob M. Arvey, Chicago; Matthew H. McCloskey, Philadelphia, treasurer of the Democratic National Committee; Carmine De Sapio, Tammany Hall chief, and David Lawrence, mayor of Pittsburgh.

After lunch with Truman they toured the Harry S. Truman Library which was dedicated last Saturday.

Captive Slays Deputy Sheriff at Hillsboro

HILLSBORO, Mo., July 11.—(P)—A Jefferson County deputy sheriff was shot and killed tonight with his own gun by a man he had arrested on a charge of leaving a service station without paying for \$3.50 worth of gasoline.

Dead was James Marsden, about 63, of Hillsboro. His wife, Mrs. Kathleen Marsden, looked on in horror as her husband was killed in what apparently was a routine pickup.

Accidents

Mrs. Nell Gibson, 300 West Fifth, fell Wednesday evening at Fifth and Ohio while shopping, fracturing a bone in her right foot. Dr. J. W. Boger attended her, placing the foot in a cast.

Mrs. Walter Hunter, 524 East Howard, fell at her home Monday evening and received a double fracture of the left wrist and a sprained left ankle. After being treated at Bothwell Hospital, she was allowed to return home.

A collision at 200 West 16th Thursday morning at 7:30 involved a 1949 Plymouth and an unknown hit-and-run driver. The Plymouth, which was parked on 16th, was damaged on the left rear side. It is owned by Sam Solomon, 1603 South Kentucky.

Wilson expressed confidence the Japanese trial "will be conducted with utmost fairness."

Wilson had previously said that if the status-of-forces pacts were cancelled, the United States would have to pull its forces out of foreign lands and retire to a "fortress America."

The U. S.-Japanese agreement about servicemen's trials was entered into under a mutual security treaty which became effective April 28, 1952. One article of the treaty authorized the making of administrative agreements between the two countries concerning the disposition of the armed forces of the United States in and about Japan.

A NEW AGREEMENT
Chief Justice Warren read today's decision in a clear, firm voice in a well-filled courtroom. It said that the Senate ratified the security treaty after considering the administrative agreement, which had already been signed.

It further noted that the Senate subsequently ratified the North Atlantic Treaty Organization agreement, knowing that when the NATO pact went into effect the United States and Japan planned to conclude another status-of-forces agreement similar to provisions in the NATO document.

"We are satisfied," the court said, "that the approval of Article 3 of the security treaty authorized the making of the administrative agreement" and that the subsequent protocol embodying the NATO agreement provisions had Senate approval.

NO LEGAL BARRIER
The crux of the court's unsigned decision:

"The issue for our decision is therefore narrowed to the question whether, upon the record before us, the Constitution or legislation subsequent to the security treaty prohibited the carrying out of the provision authorized by the treaty for the waiver of the qualified jurisdiction granted by Japan (to the United States over its own forces)."

"We find no constitutional or statutory barrier to the provision as applied here."

"In the absence of such encroachments, the wisdom of the arrangement is exclusively for the determination of the executive and legislative branches."

The decision reversed U. S. Dist. Judge Joseph C. McGarraghy who ruled recently that the proposed delivery of Girard to Japan would violate his constitutional rights.
